It concluded these acts amount to genocide, crimes against humanity, and war crimes.

CANADA'S Support of US-Israeli Militarism

As Canadians face rising costs and underfunded healthcare and education, the Canadian government continues **spending taxpayer dollars on illegal wars and military operations** instead of investing in the needs of Canadians. Recently, the Canadian government committed tens of billions of dollars to offensive weapons along with continued support for military alliances like NATO.

Canada supports US foreign policy, which aims to dominate and control the resources of other countries. This has involved illegal military and political interventions in countries such as Iraq, Afghanistan, Somalia, Cuba, and Iran, as well as support for Israel's aggressions in the Middle East, all of which have caused immense death, destruction, and refugee crises.

Canada provides military and political support to Israel despite widespread global condemnation of its violations of international law, including:

- The ongoing genocide in Gaza and repeated breaches of the October 2025 ceasefire
- Decades of apartheid and illegal settlements in the occupied Palestinian territories
- Arbitrary detention of 10,000+ Palestinians as political prisoners, most held hostage without charge and tortured, including children
- Illegal attacks on Lebanon, Syria, and Iran

Pro-Israel lobbying organizations in Canada spend millions of dollars a year to influence politicians, media, and institutions to mislead and justify Israel's war crimes. They also attack and suppress pro-Palestinian advocacy, which violates freedom of expression under Canada's Charter of Rights and Freedoms.

Although 157 of 193 UN member states, including Canada, recognize the **State of Palestine**, Palestinian self-determination remains impossible while Israel's assault on Gaza and illegal occupation of Palestinian territories continue.

We must demand that the Canadian government end all support for Israel's genocide and crimes against the Palestinian people.

THE PALESTINIAN PEOPLE

Palestinian dabke, poetry, and art celebrate connection to the land, resilience, and resistance to colonization & occupation

- Palestinians are indigenous to historic Palestine (modern-day Israel, Gaza, West Bank) with 10,000+ years of continuous presence.
- Palestinians descend from ancient peoples like the Canaanites. They've been shaped by diverse cultural and religious influences over time, with distinct Palestinian Arab heritage today.
- High literacy (~97%) and notable global contributions in literature, art, and medicine (e.g., poet Mahmoud Darwish, scholar Edward Said).

PALESTINIAN SYMBOLS

FISHNET: Palestinian fishermen and their ties to the Mediterranean Sea

BOLD LINES: Trade routes running through Palestine

OLIVE LEAVES: Palestinian olive farming tradition; perseverance, resilience, strength

KEFFIYEH (KUFYA): Originally a farmer's headscarf, symbolizes Palestinian identity, culture, and resistance. It has 3 symbolic patterns (see image).

OLIVE TREE: Symbolizes Palestinians' deep ties to their land, olive farming tradition, and resilience. Israel destroys Palestinian olive trees, often centuries-old, to drive Palestinians from their land.

KEY: Represents Palestinian refugees' right of return after displacement during the 1948 *Nakba*; many families still hold keys to their homes stolen by Israel.

WATERMELON: Sharing the colours of the Palestinian flag, began as a covert symbol of identity, protest, and resistance in 1967 when Israel banned public displays of the flag.

HISTORY OF PALESTINE: Zionist Colonization & Occupation

EARLY HISTORY: Palestinians have lived in Palestine for thousands of years. For centuries, Muslims, Christians, and Jews coexisted peacefully in the land.

ZIONIST COLONIALISM (late 1800s): The Zionist movement brought European Jews to Palestine (under British control at the time) to establish a settler colony that would displace and replace the indigenous Palestinian Arabs to establish a Jewish majority state.

BRITISH BALFOUR DECLARATION (1917): Supported a Jewish state and increasing Jewish settlement. This sparked revolts (1936-1939) by Palestinian Arabs in defense of their homes and land.

THE NAKBA (1948): The UN proposed partitioning Palestine to create Israel, which Britain and Zionists carried out without Palestinian consent. It led to the *Nakba* (catastrophe), the violent expulsion of ~750,000 Palestinians and destruction of over 500 villages.

OCCUPATION (1967-present): In 1967, Israel violently seized the Palestinian territories of Gaza, the West Bank, and East Jerusalem, which it continues to illegally occupy militarily and settle, imposing apartheid and ethnic cleansing, while stealing land and resources.

INTIFADAS & PEACE DEALS (1987, 2000): Two Palestinian *intifadas* (uprisings) followed sham "peace processes" that denied Palestinians sovereignty over their land, a military, and return of Palestinian refugees displaced by Israel.

GAZA BLOCKADE (2005-present): Israel took illegal control of Gaza's borders by land, sea, & air. It destroyed Gaza's only airport in 2001 and prevented its repair, destroyed trade, and unemployment is >50%. It also routinely bombed Gaza, calling it "mowing the lawn."

GAZA GENOCIDE (2023-present) & GREATER ISRAEL: Israel created false stories about Oct 7, 2023, such as beheaded babies and mass rapes, to justify and manufacture consent for its genocide in Gaza. It is also bombing Lebanon, Syria, and Yemen as part of its expansionist goals of creating "Greater Israel."

COLONIAL ERASURE

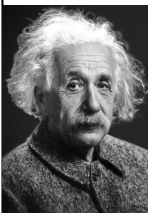

Just as **Indigenous peoples in Canada** were colonized by Europeans, **Palestinians have faced colonization, occupation, ethnic cleansing, genocide, and apartheid by European Zionists** since Britain's 1917 Balfour Declaration, which endorsed a Jewish "national home" in Palestine while disregarding and dispossessing the indigenous Palestinian population.

In December 2023, the Assembly of First Nations (AFN) in Canada passed a resolution advocating for a permanent ceasefire in Gaza and recognizing Palestinians as an Indigenous people under international law. It was overwhelmingly adopted.

JEWISH SCIENTIST ALBERT EINSTEIN OPPOSED ZIONIST/ISRAELI OCCUPATION

“I am in favor of Palestine being developed as a Jewish Homeland **but not as a separate State**.... we cannot ask to be given the political rule over Palestine where two thirds of the population are not Jewish.”

“When a **real and final catastrophe** should befall us in Palestine the first responsible would be the British and the second...the **Terrorist organizations build up from our own ranks**. I am not willing to see anybody associated with those misled and **criminal people**.”

NELSON MANDELA ON PALESTINE

“We know too well that our freedom is incomplete without the freedom of the Palestinians.”

STAND IN SOLIDARITY
Take action, spread awareness.

“Knowledge is Israel's worst enemy. Awareness is Israel's most hated and feared foe.”
Refaat Alareer, Palestinian writer assassinated by Israel Dec 6/23
