

COLONIAL ERASURE

Just as Indigenous peoples in Canada were colonized by Europeans, Palestinians have faced European Zionist colonization, occupation, ethnic cleansing, genocide, and apartheid since Britain's 1917 Balfour Declaration, which endorsed a Jewish "national home" in Palestine while disregarding and dispossessing the indigenous Palestinian population.

THE GAZA GENOCIDE (since 2023)

OVER 200,000 TONS OF BOMBS

dropped by Israel on Gaza, an area 57% the size of the City of Toronto. This is more than what was dropped on Hiroshima & major cities during WW2.

>90% CIVILIAN INFRASTRUCTURE DESTROYED USING 2,000-LB BOMBS

Israel has bombed hospitals, daycares, schools, universities, homes, mosques, churches, water facilities, UN buildings, and more in Gaza.

ISRAEL BLOCKING FOOD

THE PALESTINIAN PEOPLE

- Indigenous to historic Palestine (modern-day Israel, Gaza, West Bank) with 10,000+ years of continuous presence in the region.
- Descendants of ancient peoples like the Canaanites. Shaped by diverse cultural and religious influences over time, with distinct Palestinian Arab heritage today.
- High literacy (~97%) and notable global contributions in literature, art, and medicine (e.g., poet Mahmoud Darwish, scholar Edward Said).

Palestinian “dabke” folk dance, poetry, and art often depict themes of strong connections to the land, resilience, and resistance in the face of colonization and occupation.

PALESTINIAN SYMBOLS

FISHNET: Palestinian fishermen and their ties to the Mediterranean Sea

BOLD LINES: Trade routes running through Palestine

OLIVE LEAVES: Palestinian olive farming tradition; perseverance, resilience, strength

KEFFIYEH (KUFIA): Originally a farmer's headscarf, symbolizes Palestinian identity, culture, and resistance. It has 3 symbolic patterns (see image).

OLIVE TREE: Symbolizes Palestinians' deep ties to their land, olive farming tradition, and resilience. Israel destroys Palestinian olive trees, often centuries-old, to drive Palestinians from their land.

KEY: Represents Palestinian refugees' right of return after displacement during the 1948 Nakba; many families still hold keys to their homes stolen by Israel.

WATERMELON: Sharing the colours of the Palestinian flag, began as a covert symbol of identity, protest, and resistance in 1967 when Israel banned public displays of the flag.

HISTORY OF PALESTINE: Zionist Colonization & Occupation

EARLY HISTORY: Palestinians have lived in Palestine for thousands of years, long before invasions by groups such as ancient Jews, Romans, Arabs, and Ottomans. For centuries, Muslims, Christians, and Jews coexisted peacefully in the region.

ZIONIST COLONIALISM (late 1800s): The Zionist movement brought European Jews to Palestine to establish a settler colony to displace and replace the indigenous Palestinian Arabs.

BRITISH MANDATE: The Balfour Declaration (1917) supported a Jewish state and increasing Jewish settlement. This sparked revolts (1936-1939) by Palestinian Arabs in defense of their homes and land.

THE NAKBA (1948): The UN proposed partitioning Palestine to create Israel, which Britain and Zionists carried out without Palestinian consent. It led to the Nakba (catastrophe), the violent expulsion of ~750,000 Palestinians and destruction of over 500 villages.

OCCUPATION & APARTHEID: In 1967, Israel violently seized the Palestinian Territories of Gaza, the West Bank, and East Jerusalem, which it continues to occupy militarily and illegally, settle, imposing apartheid and ethnic cleansing, while stealing land and resources.

INTIFADAS & PEACE DEALS: Two Palestinian *intifadas* (uprisings) (1987, 2000) followed failed “peace processes,” which denied Palestinians sovereignty over their land, a military, and return of refugees.

GAZA BLOCKADE (2005): Israel has illegally controlled Gaza's borders by land, sea, & air since 2007. It destroyed Gaza's only airport in 2001 and prevented its repair, destroyed trade, and unemployment is >50%. It has routinely carpet bombed Gaza, calling it “mowing the lawn.”

GAZA GENOCIDE & GREATER ISRAEL: Israel lied about the events of Oct 7, 2023, such as beheaded babies and mass rapes, to justify and manufacture consent for its genocide in Gaza. It is also bombing Lebanon, Syria, and Yemen as part of its expansionist goals of creating a “Greater Israel.”
